**Subject:** FW: Range Radioactive Roll-offs

Samantha,

I spoke with Mr. Chris Lauff this morning. He was the gentleman who reported the placarded radioactive roll-off near the Carter Impoundment. He knows about the two roll-offs mentioned in the Pittsburgh Post- Gazette article. They are located in Smith Township just outside of Mt. Pleasant where the Carter impoundment is located. Mr. Lauff stated that the two new roll-offs are also placarded as radioactive.

If the article is correct
